

**It is not
only art**
that drives us to action

We work
for Universal
Planning

→ We cooperate with:

- ▶ The Polish Association of the Blind
- ▶ Society for the Care of the Blind in Laski
- ▶ INTEGRATION
- ▶ NO BARRIERS

JEKT

on the **point** of view

S2 Projekt - leader on the Polish market
in production and installation of signs/symbols
for people with visual impairment.

We produce and install horizontal markings
and guide lines of steel and plastic,
typhlographic plans and electronic space
geomarkers. We adapt images to meet
the needs of the blind people.

We offer complex solutions for people
with visual, hearing and movement disabilities.
We have created the unique and innovative
graphics reader for the blind people.

We have installed thousands of markings
in the public space, including the Warsaw
Metro platforms and the railway stations.
We cooperate with the Polish Association
of the Blind on the daily basis.
